SCREEN 01 / 06

Case dashboard

TASK

Orient a reviewer to one synthetic case, its source inventory, and the three-field evidence state.

PRIMARY ACTION

Open source-to-field workspace

ERROR / EMPTY STATE

Before review: keep all three fields PENDING. Never infer progress from source count.

MOBILE COLLAPSE

Collapse inventory below the field index; keep the human-decision boundary above the fold.

SCREEN 02 / 06

Source-to-field workspace

TASK

Compare a proposed field value with exact page, row, sheet, and cell coordinates before a human acts.

PRIMARY ACTION

Send disagreement to conflict queue

ERROR / EMPTY STATE

If a source preview cannot load, retain its fingerprint and mark the candidate unavailable; do not guess.

MOBILE COLLAPSE

Show one source at a time; stack coordinates directly above the review action.

Conflict queue

TASK

Make a disagreement impossible to miss and require a named human to select, correct, reject, or defer.

PRIMARY ACTION

Record human decision

ERROR / EMPTY STATE

Block the action until reviewer, source selection, and decision reason are present.

MOBILE COLLAPSE

Stack candidates without reordering; repeat each coordinate beside its value.

Agent trace

TASK

Expose the bounded comparison path, inputs used, candidate output, and explicit abstention.

PRIMARY ACTION

Return to unresolved fields

ERROR / EMPTY STATE

If evidence is absent, end the trace at ABSTAIN. Do not synthesize a value or a source.

MOBILE COLLAPSE

Render the trace as a numbered vertical record; never hide source fingerprints in a drawer.

Review and sign-off

TASK

Review accepted, corrected, rejected, and deferred decisions before producing a local evidence receipt.

PRIMARY ACTION

Resolve conflict before sign-off

ERROR / EMPTY STATE

Sign-off remains blocked while the capital conflict lacks a named reviewer and reason.

MOBILE COLLAPSE

Place each row before the decision table; move the blocked row into a labeled definition list.

PRIMARY ACTION

Export local evidence receipt

ERROR / EMPTY STATE

If unresolved items remain, export them prominently; never describe the receipt as approval or verification.

MOBILE COLLAPSE

Use a single-column manifest; preserve fingerprints as wrapping mono text without horizontal scrolling.
